

### **Memberships:**

Memberships are being sold at Cycle Zone and Casper Mountain Motorsports. In addition, memberships are also available at all monthly meetings.

Once again: Members who give non-members keys or admit them to ride are not abiding by their signed contract with the Casper Dirt Riders and may be suspended from track use. Specific language is included on the application. Help protect your track rights by abiding by the rules!

### **Donations:**

We are always seeking donations and sponsors for the club. Unfortunately, improvements can't be made without funding. Please be a part of the search team to help make your riding facility the best it can be. Cash is not the only option for a donation! The CDR facility can use bleachers, picnic tables, covered parking shelters (like a car port), storage buildings, and other useful items in good repair. While races are not actively taking place, now is a perfect time to create signs, remove debris from the area and around the trailer, and general maintenance.☺

### **Wheatland Motocross Association**

Congratulations to the Wheatland Motocross Association!!!! It's been a long, challenging road but the Board of Commissioners has finally voted to approve their special use permit so they can build a motocross track! Assuming all goes well with their land lease, construction should begin soon after their Independence Day Supercross Race!!! Good work people!!!!

### **Monthly Meeting:**

The next Casper Dirt Riders Meeting will be held on Thursday, April 9<sup>th</sup>, at 7pm. This meeting will take place at the Platte River Restaurant located at 321 East E Street. Food and beverages will be available for you to purchase. Please plan to attend as we have a lot of CDR business to cover as we speed toward race season!
